

# Google Scholar

- Always go through the library site, either in campus access or in remote access, to be attached to the Montpellier Business School digital library.
  - Make your search with your keywords.
  - Refine your search with the filters on the left side of the results.
  - Make a 1st quick reading of the titles + the beginning of the content of the document.
  - Click on the link to the right of the results to access the full text.
  - If there are no links on the right, click on the title: sometimes the article is available directly through this link.
  - If the article is not available in full text: find the name of the journal and search using the library's "Revue Electroniques" tool:
- Tutorial to guide you in the search of an article in the school's databases from its reference: [If you are off campus / If you are on campus](#)
